Notes about our price list and our service:-

This price list represents the range of equipment that we normally carry in stock. Each manufacturer and importer that we deal with has a wide range of machinery that will not all be listed here so if you cannot see a machine to suit you then please contact us and we will do our utmost to help you.

We aim to provide a wide range of equipment offering good value for money at all times and with an emphasis on the better quality end of the market.

All machines that we supply will normally be fully assembled and where appropriate fuelled & oiled ready to use!

Most machines can be delivered free of charge within our local area.

We offer a **Half Price Service** on any new machines sold during the year provided that they are booked in for service during November or December which is our winter servicing period.

We provide a high quality parts and service backup for all machines that we sell.

In the event of a machine failure during the warranty period, we will give absolute priority to the repair, often providing an immediate or same-day service.

All prices quoted are inclusive of VAT at 20%

The specifications in this price list are intended as a means of comparing products within our product range. They are subject to change without notice and although we do our utmost to ensure that they are correct it is advisable to contact us to confirm exact current specifications and prices prior to purchase.

If you do find the same machinery advertised locally or nationally at a lower price then please contact us as we will always attempt to match competitors for local business.

Ideally we want to supply machines within our normal local delivery area (max 30 miles) as we believe that most equipment requires regular maintenance and ready availability of spare parts. There are already too many people selling equipment via the internet, and indeed from larger stores where there is no provision for future servicing or even warranty backup by them. Prices are often attractive but **claims that national service networks are available may be misleading.** Although warranty cover is provided by the manufacturer the actual warranty repair is usually carried out by specialist dealers such as ourselves and our priority is always to look after our own customers as they are where our future lies.

***** See details of our price promise on page 2 *****

Due to the vast quantity of cordless products becoming available we have now produced a separate price list relating to them. This will offer a significant range of hand tools and mowers that can often rival the petrol powered products. Some items are included in this price list for comparison purposes.

Henchman Ladders & Platforms

Platform Tripod Ladders

This range of ladders is available with single or three adjustable legs (100kg max) and also offers a heavier duty professional model (150kg max). The single adjustable leg is suitable for relatively level ground while the three adjustable legs allow for slopes and uneven surfaces. Platform heights range from 3 to 13 feet.

	1 adj leg	3 adj legs	Pro 3 adj leg
6' Tripod (3' Platform)	£225.00	£275.00	£325.00
8' Tripod (5' Platform)	£265.00	£349.00	£385.00
10' Tripod (7' Platform)	£325.00	£415.00	£455.00
12' Tripod (9' Platform)	£365.00	£475.00	£525.00
14' Tripod (11' Platform)	n/a	£535.00	n/a
16' Tripod (13' Platform)	n/a	£615.00	n/a

Hi-Step Platform Range

This range of platforms are similar to the tripod ladders but have a larger platform and four adjustable legs. The platform height can be adjusted by 2' and an additional frame can be added to increase overall height by 3'.

Hi-Step Junior	Platform height 3' to 5'	£375.00
Hi-Step Midi	Platform height 4' to 6'	£425.00
Hi-Step Senior	Platform height 5' to 7'	£475.00
Hi-Step Major	Platform height 6' to 8'	£525.00
Hi-Step Maxi	Platform height 7' to 9'	£575.00
Hi-Step Extender	Frame to extend height by 3'	£169.00
Hi-Step Trolley	Pair of wheels and frame for easy movement	£55.00
Hi-Step Pro	Extra guards etc for pro user regulation conformity.	£85.00

Wheeled Platforms

Two wheeled platforms are available in either 5' or 7' length. With a 2' width the platforms are much larger than the Hi-Step and Tripods. The height of the platform can be adjusted within the frame for optimum working height. The two platforms offer slightly different maximum working heights but both will accept height extenders for higher working heights.

Model 55	Platform size 5' X 2' – Max height 5'	£885.00
Model 76	Platform size 7' X 2' – Max height 7'	£985.00

Height Extender – Offers additional 3' platform height - £345 for Model 55 & £365 for Model 76
