## Notes about our price list and our service:-

This price list represents the range of equipment that we normally carry in stock. Each manufacturer and importer that we deal with has a wide range of machinery that will not all be listed here so if you cannot see a machine to suit you then please contact us and we will do our utmost to help you.

We aim to provide a wide range of equipment offering good value for money at all times and with an emphasis on the better quality end of the market.

All machines that we supply will normally be fully assembled and where appropriate fuelled & oiled ready to use!

Most machines can be delivered free of charge within our local area.

We offer a **Half Price Service** on any new machines sold during the year provided that they are booked in for service during November or December which is our winter servicing period.

We provide a high quality parts and service backup for all machines that we sell.

In the event of a machine failure during the warranty period, we will give absolute priority to the repair, often providing an immediate or same-day service.

All prices quoted are inclusive of VAT at 20%

The specifications in this price list are intended as a means of comparing products within our product range. They are subject to change without notice and although we do our utmost to ensure that they are correct it is advisable to contact us to confirm exact current specifications and prices prior to purchase.

## Price Promise

**If you do find the same machinery advertised locally or nationally at a lower price then please contact us as we will always attempt to match competitors for local business.**

**Ideally we want to supply machines within our normal local delivery area (max 30 miles)** as we believe that most equipment requires regular maintenance and ready availability of spare parts. There are already too many people selling equipment via the internet, and indeed from larger stores where there is no provision for future servicing or even warranty backup by them. Prices are often attractive but **claims that national service networks are available may be misleading**. Although warranty cover is provided by the manufacturer the actual warranty repair is usually carried out by specialist dealers such as ourselves and our priority is always to look after our own customers as they are where our future lies.

\*\*\*\*\* See details of our price promise on page 2 \*\*\*\*\*

## **New Stiga 500 Series Battery & Charger Range compatible with 500 Series Mowers and Hand Tools.**

The Stiga 500 mowers accept two batteries for longer running times and higher performance. They require one battery of at least 4ah and will then run on any combination. The smaller batteries are lighter and are therefore more suited to the hand tools where weight might be an issue (especially the hedgecutter).

### Batteries

<b>SBT 520 AE</b>	<b>2AH Battery – 86.4Wh - 0.9kg</b>	<b>£79.00</b>	<i>rrp £99.00</i>

# CYLINDER MOWERS

## Petrol Mowers

- |    |   |          |                     |
|----|---|----------|---------------------|
| 1. | <b>Allett Classic 14L</b>   | £729.00  | <i>rrp £769.00</i>  |
|    | 35cm cut. Loncin engine. Self propelled by large steel roller. Height of cut adjustable to five positions 10-35mm. Will accept scarifier cassette and other lawncare accessories. 38kg.   |          |                     |
| 2. | <b>Allett Classic 17L</b>   | £855.00  | <i>rrp £899.00</i>  |
|    | As above but with 43cm cut. 42kg.   |          |                     |
| 3. | <b>Allett Kensington 14K</b>  | £1165.00 | <i>rrp £1229.00</i> |
|    | 35cm cut. Kawasaki engine. Self propelled by large steel roller. Cutting cylinder has six hardened steel blades. Fine height of cut adjustment gives almost infinite adjustment 6-36mm. Will accept lawn scarifier cassette and other lawncare accessories. 45kg.   |          |                     |
| 4. | <b>Allett Kensington 17K</b>  | £1279.00 | <i>rrp £1349.00</i> |
|    | As Kensington 14K but 43cm (17") cut. 51kg.   |          |                     |
| 5. | <b>Allett Kensington 20K</b>  | £1375.00 | <i>rrp £1449.00</i> |
|    | As Kensington 17K but 20" / 51cm cutting width. 54kg.   |          |                     |
| 6. | <b>Allett Buckingham 24H</b>  | £3799.00 | <i>rrp £4049.00</i> |
|    | 60cm cut. Top of the range mower with Honda GX200 engine. Much heavier build quality than "C" series above. Weighs approx 110kg. Also available in 51cm and 76cm cutting widths and can be converted to a ride-on machine by the addition of the autosteer seat. Height of cut 5-35mm. Seat priced at £715.00 |          |                     |
| 7. | <b>Masport Olympic 400</b>  | £919.00  | <i>rrp £1019.00</i> |
|    | 40cm Cut. Briggs & Stratton 550 127cc engine. Self propelled by large steel roller. 6 bladed cylinder. Fine height of cut adjustment 7-30mm. This is in our opinion a far superior build quality than the smaller Webb machines. 63kg.  |          |                     |
| 8. | <b>Masport Olympic 500</b>  | £1039.00 | <i>rrp £1139.00</i> |
|    | 50cm Cut. Briggs & Stratton 550 127cc engine. Self propelled by large steel roller. 6 bladed cylinder. Fine height of cut adjustment 7-30mm. 68kg.  |          |                     |
| 9. | <b>Masport Olympic 660</b>  | £1239.00 | <i>rrp £1339.00</i> |
|    | As Olympic 500 but 66cm cut, 163cc B&S engine and weighs 78kg. 186 cuts per metre.  |          |                     |

# Robot Mowers

The robotic mowers, once installed, will automatically cut your lawn to a pre-programmed schedule. They generally need to be programmed to cut for a few hours daily and most models are powered by Lithium Ion batteries. The mower senses when the battery power is low and automatically returns to its charging base for a re-charge before setting out again.

As the grass is being cut on such a regular basis, the cuttings are very fine so will quickly decompose and be absorbed back into the lawn as a natural fertiliser. This daily cutting also means that the grass always has a tidy appearance instead of the nicely "Just Cut" look at the weekend and the "I Badly Need Cutting" look a fortnight later.

We have a working machine available to view on our small lawn area.

Installation is fairly straightforward for anyone with reasonable DIY skills but can be performed by an approved technician at prices from £299.00 if required.

<b>Robomow RX12u</b>	<b>(Limited Stock)</b>	£499.00	<i>rrp £599.00</i>
----------------------	------------------------	---------	--------------------

This is the smallest and most basic machine in the Robomow range and is recommended for areas up to **150 square meters**. Under perfect conditions it may cut up to 250 square meters. 12v Lead acid battery. **This machine requires manual starting.**

<b>Robomow RX20 ProX</b>		£599.00	<i>rrp £799.00</i>
--------------------------	--	---------	--------------------

The same frame as the RX12u but programmable for fully automated cutting and is recommended for areas up to **200 square meters**. Under perfect conditions it may cut up to 300 square meters. Includes Bluetooth connection and Roboconnect.

<b>Robomow RX50 ProSX</b>		£799.00	<i>rrp £999.00</i>
---------------------------	--	---------	--------------------

The same frame as the RX20u but fitted with 12v Lithium Ion battery and supplied with Robohome. Recommended for areas up to **400 square meters**. Under perfect conditions it may cut up to 500 square meters. Includes Bluetooth connection and Roboconnect.

<b>Robomow RC304u</b>		£999.00	<i>rrp £1199.00</i>
-----------------------	--	---------	---------------------

The RC models are the middle range of Robomow. This model is programmable for fully automated cutting and is recommended for areas up to **500 square meters**. Under perfect conditions it may cut up to 1000 square meters. Powered by 26v Lithium Ion battery. Includes Bluetooth app.

<b>Robomow RC308 ProX</b>		£1199.00	<i>rrp £1399.00</i>
---------------------------	--	----------	---------------------

The same basic machine as the RC304u but higher capacity battery and more hardware for larger lawn areas. Recommended for areas up to **800 square meters**. Under perfect conditions it may cut up to 1500 square meters. Includes Bluetooth app and Roboconnect.

## Robot Mowers – cont

**Robomow RC312 Pro SX** £1699.00 *rrp £1999.00*

Top of the RC range with brushless motor for larger workload and supplied with Robohome for increased protection when not in use. Recommended for areas up to **1200 square meters**. Under perfect conditions it may cut up to 2000 square meters. Includes Bluetooth app and Roboconnect.

**Robomow RS615u (Limited Stock)** £1699.00 *rrp £2099.00*

The RS models are the largest of the Robomow range. Double blades, brushless motors and higher capacity batteries enable the cutting of larger areas. This model is recommended for mowing areas up to **1600 square meters**. Under perfect conditions it may cut up to 3000 square meters.

**Robomow RS615 Pro X** £1899.00 *rrp £2199.00*

Similar specification to RS615 but fitted with power wheels and heavy duty drive motors. This model is recommended for mowing areas up to **1600 square meters**. Under perfect conditions it may cut up to 3000 square meters. Includes Bluetooth app and Roboconnect.

**Cub Cadet XR1 500** £949.00

The smallest of the Cub Cadet Range. Fully automated cutting, recommended for areas up to 400 square metres but capable of cutting up to **500 square metres** in ideal conditions. Supplied with Robohome garage. Controllable by smartphone app or by internet via Roboconnect.

**Cub Cadet XR2 1000** £1149.00

The XR2 machines are the middle of the Cub Cadet Range. The XR2 1000 has a more powerful motor and wider cut than the XR1 giving it a recommended maximum guaranteed cutting area of up to **500 square metres** with a possible maximum of up to 1000 square metres in ideal conditions. This model is also controllable by smartphone app and Roboconnect but is not supplied with the Robohome.

**Cub Cadet XR2 2000** £1849.00

The same basic machine as the XR2 1000 but fitted with brushless motor and supplied with the Robohome garage. Recommended maximum guaranteed cutting area of up to **1200 square metres** with a possible maximum of up to 2000 square metres in ideal conditions.

**Cub Cadet XR3 3000** £2049.00

The XR3 machines are the largest of the Cub Cadet Range. They have two blades and dual brushless motors. The XR3 3000 has a recommended maximum guaranteed cutting area of up to **1600 square metres** with a possible maximum of up to 3000 square metres in ideal conditions. This model is also controllable by smartphone app and Roboconnect but is not supplied with the Robohome.

## Robot Mowers – cont

### **Cub Cadet XR3 5000**

£2949.00

The same platform and features as the XR3 3000 but supplied with RoboHome and higher capacity batteries. This gives a recommended maximum guaranteed cutting area of up to **3600 square metres** with a possible maximum of up to 5000 square metres in ideal conditions. This model also has a GPS location feature that allows the position of the mower to be tracked and also allows the machine to check full area cutting.

### **Ambrogio L60 Deluxe**

£1059.00

One of the simplest machines to set up and install as **this mower does not require a perimeter wire**. In suitable applications this machine can cut areas up to **200 square metres** with no installation. The mower requires manual charging but simply needs to be carried to the lawn and be switched on. It can be used on different areas with no issues.

### **Ambrogio L30B**

**(while stocks last)**

£1199.00

Designed to mow small/medium and complex gardens with tight spaces. Capable of cutting areas up to **600 square metres** with slopes up to 45%. Bluetooth enabled for programming via IOS or Android app. 2.5AH Lithium Ion battery.

### **Ambrogio L30 Elite**

**(while stocks last)**

£1199.00

As the L30B above but with brushless motor and 5AH Lithium Ion battery this machine is capable of cutting areas up to **1100 square metres**.

### **Ambrogio L20 Deluxe**

**New**

£999.00

A new compact, next generation mower capable of cutting areas up to **700 square metres**. Max 45% slope. Bluetooth app control with optional gps/gsm module.

### **Ambrogio L20 Elite**

**New**

£1299.00

As L20 Deluxe but fitted with gps/gsm module This gives better connectivity and with the SDM cutting system this machine is capable of cutting areas up to **1200 square metres**.

### **Ambrogio L35 Deluxe**

£2199.00

Bluetooth and GSM connectivity. Capable of cutting slopes up to 45% this machine is capable of cutting areas up to **1800 square metres**.

### **Ambrogio L250i Elite**

£2999.00

Similar specification to L35 Deluxe but also fitted with touchscreen and with larger blade and higher capacity battery this machine is capable of cutting areas up to **3200 square metres**.

\*\*\*\*\* See details of our price promise on page 2 \*\*\*\*\*

## Robot Mowers – cont

**Ambrogio L250i Elite S+** £3499.00

Similar specification to L250i Elite but with higher capacity battery this machine is capable of cutting areas up to **5000 square metres**.

**Ambrogio L350i Elite** £3999.00

Similar specification to L250i Elite but with a larger body and blade this machine is capable of cutting areas up to **7000 square metres**.

**Ambrogio 4.0B Premium** £2699.00

A basic, reliable next generation machine with articulated body to follow ground contours. This machine is capable of cutting areas up to **2200 square metres**.

**Ambrogio 4.0 Elite Premium** £3499.00

Similar machine to the 4.0B Premium but better connectivity, touchscreen and SDM cutting system. This machine is capable of cutting areas up to **3500 square metres**.

**Ambrogio 4.36 Elite** £4499.00

A larger machine with bigger blade and higher battery capacity than the 4.0 Elite Premium. This machine is capable of cutting areas up to **6000 square metres**.

**Ambrogio L400i B** £13999.00

The L400 robots are the largest and most powerful of the Ambrogio range with 3 cutting blades and cutting width of 84cm. This machine is capable of cutting areas up to **10,000 square metres**.

**Ambrogio L400i Deluxe** £16499.00

As the L400i B but with higher battery capacity. This machine is capable of cutting areas up to **20,000 square metres**.
